# TOGETHER FOR LIFE NORTHLAND Collaborative

### MISSION

**Together For Life Northland** (TFLN) strives to **CONNECT** women centered services and resources that **SUPPORT** and **EMPOWER** families to make positive life-affirming choices. We are creating a Culture of Life to **TRANSFORM** our community.

**Star of the North Maternity Home's (SON) mission** is to serve as a transitional residential home and program for pregnant women and their baby/children in need to gain support and independence.

#### **Together For Life Northland VISION:**

Our Vision...to open Maternity Homes to help fill the dire need for housing for mothers experiencing housing instability in our community. Our Hope...to go beyond housing to transforming women's lives with education, holistic care management and comprehensive services by continuing to partner with our collaborative partners. Our Community...from vision to reality will only be possible through your prayers, hard work, and generous financial support.

### VISION

#### **Star of the North Maternity Home VISION:**

To move women experiencing housing instability due to pregnancy or with young children to self-sufficiency while promoting healthy relationships, education, adoption and/or positive parenting.

SON also supports a strong Christian spiritual faith life, a good self-image and empowerment for women in Northeastern Minnesota and Northwestern Wisconsin.

### PHILOSOPHY

We believe in the inherent dignity of every human being beginning with natural conception and ending with natural death. Every life is unique, holds potential and deserves celebration regardless of the circumstances of conception, status or health. Abortion interrupts natural biological and physiological processes with a profound negative impact on a woman's mind, body and spirit. Natural fertility care is key to empowerment of women and enhancement of a healthy family life, in each woman's innate ability to nourish life. Our bodies were created beautifully and deserve respect, understanding and care.
